

Project Phase 2: ER Diagram

Team ID: 39 Team Name: spy

Poorva Pisal (2020113001), Yug Dedhia (2020115004), Sneha Raghava Raju (2020101125)

Minor changes to the requirements document:

- Changed the name of the entity: 'illness' to 'diagnosis' (because it is a better description of the data)
- For the relationship between 'Doctors and Departments' and 'Nurses and Departments', changed the cardinality constraints from (1 to 1) to (1 to N) because a Department can have multiple Doctors and multiple Nurses.
